

# Mission 2012

Mission 2012 is a series of campus-wide facelifts and upgrades at our shelter and clinic in 2012 that will maximize the comfort and care of our animals, and improve and enhance the experience of our guests.

## State-of-the-Art Quarantine/Isolation Facility - \$10,000

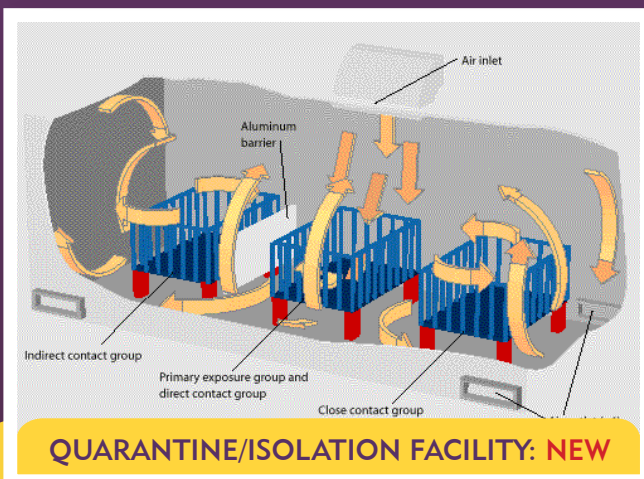

UNFINISHED ROOM IN CLINIC: **EXISTING**

**QUARANTINE/ISOLATION FACILITY:** Currently GCHS does not have a state-of-the-art facility to properly isolate an animal who shows symptoms of an infectious disease. An unfinished room at the far corner of the GCHS Vet Clinic with a separate entrance/exit is the perfect location for our new quarantine facility.

QUARANTINE/ISOLATION FACILITY: **NEW**

QUARANTINE/ISOLATION FACILITY: **NEW**

QUARANTINE/ISOLATION FACILITY: **NEW**

**QUARANTINE/ISOLATION FACILITY:** With a dedicated isolation room with modern equipment, we can maximize the comfort of an animal and speed their recovery, and also minimize the risk of spreading disease to other pets at the shelter.

To learn more about how you can sponsor a Mission 2012 project and to schedule a tour to see first-hand how your generous donation will benefit the care and comfort of our shelter pets, please contact GCHS Executive Director David Stroud at 239-332-0364 or [david@gulfcoasthumanesociety.org](mailto:david@gulfcoasthumanesociety.org).
