FOR IMMEDIATE RELEASE

GULF COAST HUMANE SOCIETY AND LEE COUNTY DOMESTIC ANIMAL SERVICES PARTNER ON CRUELTY CASE OF CHEMICALLY BURNED DOG

FORT MYERS, FL., May 13, 2014- Severely burned dog rushed to [The Gulf Coast Humane Society](#), 2010 Arcadia Street, Fort Myers, by concerned citizen last week. Sampson, a two year old Terrier mix, is being treated at the GCHS and his injuries are being investigated by [Lee County Domestic Animal Services](#), 5600 Banner Drive, Fort Myers.

Found off of New York Avenue in Fort Myers, Sampson has been treated at the Gulf Coast Humane Society Veterinary Clinic since May 7th. GCHS Veterinarian and Clinic Staff believe his injuries are the result of a strong chemical burn, on top of existing injuries. Sampson will need at least another week of recovery before his burns will begin to scar.

Despite his condition, Sampson is a sweet dog who calmly lets the staff tend to his injuries. "He has a wonderful personality that shows the resilience and forgiving nature of animals," stated Jennifer Galloway, executive director of the Gulf Coast Humane Society.

For more information about Sampson or the Gulf Coast Humane Society call 239-332-0364 or email: Info@gulfcoasthumanesociety.org.
